

Alabama's Disability Workforce Connection

What services will Business Relations provide?

We connect employers to an untapped talent pool of job ready candidates through a variety of no-cost services including recruitment, retention, and resources.

Recruitment

We evaluate your company's workforce needs and identify qualified candidates within our talent pool. As our candidates become your new hires, follow-up support ensures that they continue to be valued employees.

Financial Incentives

We help business and industry understand and access tax credits and other financial incentives that are available to employers who hire our candidates.

Training

We provide customized disability etiquette and awareness trainings to equip business and industry with the appropriate manner of interacting with individuals with disabilities.

Technical Assistance

We offer expert assistance to help identify reasonable accommodations and resources that improve productivity and retention for employees with disabilities.

Retention

Retaining a Valued Employee (R.A.V.E.)

We assist business in retaining valued employees whose performance may be affected by disability, utilizing specialized rehabilitation engineers to customize accommodations and reduce retention costs to maintain a productive workforce.
